Nobiltà Di Dame Fabritio Caroso 1986 Fabritio Caroso was dancing master to some of the greatest princely families of Italy, and Nobiltà di dame, his sumptuous collection of ballroom dances and their music, reflects an age that believed that the person of high rank should be a work of art, uniting strength and beauty. Caroso's detailed instructions (including rules for steps, style and etiquette, and forty-eight actual choreographies) are unequalled by any contemporary manual in their specificity and clarity. Most dances are preceded by an engraving showing the opening position and illustrating many aspects of dress, posture, and gesture. A full scholarly apparatus, giving new information unavailable elsewhere, makes the book even more valuable to dancers and to students of dance and music at the junction of the Renaissance and Baroque eras.

The Story of the Year Hans Christian Andersen 2020-11-18 The new year had begun and January was already nearing its end, but it was still very cold. The sparrows found it strange, that the men had declared that it was the new year, as everyone knows that the year only begins with the coming of spring. However, spring was late and a few intrepid sparrows decided to go looking for it. Hans Christian Andersen (1805-1875) was a Danish author, poet and artist. Celebrated for children’s literature, his most cherished fairy tales include "The Emperor’s New Clothes", "The Little Mermaid", "The Nightingale", "The Steadfast Tin Soldier", "The Snow Queen", "The Ugly Duckling" and "The Little Match Girl". His books have been translated into every living language, and today there is no child or adult that has not met Andersen’s whimsical characters. His fairy tales have been adapted to stage and screen countless times, most notably by Disney with the animated films "The Little Mermaid" in 1989 and "Frozen", which is loosely based on "The Snow Queen", in 2013. Thanks to Andersen’s contribution to children’s literature, his birth date, April 2, is celebrated as International Children’s Book Day.

An Autobiography Igor Stravinsky

Stravinsky Stephen Walsh 2003-01-06 A meticulously-researched biography of the great 20th-century composer by a biographer who is also a musicologist and who worked to get beyond the often unreliable stories Stravinsky told about his life.

Memories and Commentaries Igor Stravinsky 1981-01-01 For the first time in one volume--the celebrated Stravinsky and Craft Conversations Few would dispute that Igor Stravinsky was the greatest composer of the twentieth century. Conductor and writer Robert Craft was his closest colleague and friend, and for over twenty-one years he lived with the Stravinskys in their Hollywood home. In the early 1950s he accompanied the composer on his concert tours, and from the mid-1950s to Stravinsky's death in 1971 he co-conducted his concerts. Together Stravinsky and Craft published five acclaimed collections known as the Conversations series, which sprung from informal talks between the two men. In this newly edited and re-structured one-volume version, Craft brings Stravinsky's reflections on his childhood, his family life, professional associates, and personal relationships into sharper focus and places the major compositions in their cultural milieu. The Conversations books are the only published writing attributed to Stravinsky that are actually "by him" in terms of fidelity to his thoughts and opinions, making this volume required reading for all fans and students of Stravinsky's music.

Handbook of International Futurism Günter Berghaus 2018-12-17 The Handbook of International Futurism is the first reference work ever to presents in a comparative fashion all media and countries in which the movement, initiated by F.T. Marinetti in 1909, exercised a particularly noteworthy influence. The handbook offers a synthesis of the state of scholarship regarding the international radiation of Futurism and its influence in some fifteen artistic disciplines and thirty-eight countries. While acknowledging the great achievements of the movement in the visual and literary arts of Italy and Russia, it treats Futurism as an international, multidisciplinary phenomenon that left a lasting mark on the manifold artistic manifestations of the early twentieth-century avant-garde. Hundreds of artists, who in some phase in their career absorbed Futurist ideas and stylistic devices, are presented in the context of their national traditions, their international connections and the media in which they were predominantly active. The handbook acts as a kind of multi-disciplinary, geographical encyclopaedia of Futurism and gives scholars with varying levels of experience a detailed overview of all countries and disciplines in which the movement had a major impact.

Music and the Ineffable Vladimir Jankelevich 2003-07-28 Vladimir Jankélévitch left behind a remarkable uvre steeped as much in philosophy as in music. His writings on moral quandaries reflect a lifelong devotion to music and performance, and, as a counterpoint, he wrote on music aesthetics and on modernist composers such as Fauré, Debussy, and Ravel. Music and the Ineffable brings together these two threads, the philosophical and the musical, as an extraordinary quintessence of his thought. Jankélévitch deals with classical issues in the philosophy of music, including metaphysics and ontology. These are a point of departure for a sustained examination and dismantling of the idea of musical hermeneutics in its conventional sense. Music, Jankélévitch argues, is not a hieroglyph, not a language or sign system; nor does it express emotions, depict landscapes or cultures, or narrate. On the other hand, music cannot be imprisoned within the icy, morbid notion of pure structure or autonomous discourse. Yet if musical works are not a cipher awaiting the decoder, music is nonetheless entwined with human experience, and with the physical, material reality of music in performance. Music is "ineffable," as Jankélévitch puts it, because it cannot be pinned down, and has a capacity to engender limitless resonance in several domains. Jankélévitch's singular work on music was central to such figures as Roland Barthes and Catherine Clément, and the complex textures and rhythms of his lyrical prose sound a unique note, until recently seldom heard outside the francophone world.

Dance History Janet Adshead-Lansdale 2006-05-18 Originally published in 1983 the first edition rapidly established itself as a core student text. Now fully revised and up-dated it remains the only book to address the rationale, process, techniques and methodologies specific to the study of dance history. For the main body of the text which covers historical studies of dance in its traditional and performance contexts, the editors have brought together a team of internationally known dance historians. Roger Copeland and Deborah Jowitt each take a controversial look at the modern American dance. Kenneth Archer and Millicent Hodson explain the processes they use when reconstructing 'lost' ballets, and Theresa Buckland and Georgina Gore write on traditional dance in England and West Africa respectively. With other contributions on social dance, ballet, early European modern dance and feminist perspectives on dance history this book offers a multitude of starting points for studying dance history as well as presenting examples of dance writing at its very best. Dance History will be an essential purchase for all students of dance.

Fifteen Years of a Dancer's Life Loie Fuller 2019-05-05 From the "The American Review of Reviews," of 1913, Loie Fuller publishes her autobiography, "Fifteen Years of a Dancer's Life, with Some Account of Her Distinguished Friends." Miss Fuller was born on an Illinois farm; thence she progressed to Chicago, New York, London, Paris, Vienna, and Russia. She made her debut as an actress by speaking a "piece" at the Chicago Progressive Lyceum when she was two and a half years old. Years later when she was rehearsing in a play called "Quack, M.D.," she made use in a hypnotism scene of a wide skirt of soft transparent silk that had been sent her from India. Under the lights the gauzy material seemed first a butterfly, then an orchid under her manipulations; thus the idea of serpentine dancing came to her and a new art was born. She was engaged soon afterwards to dance in New York in "Uncle Celestins" and awoke one morning like Byron to find herself famous. In delicious, crisp style, punctuated with staccatos of remembered ecstasies, Miss Fuller relates her experiences and recounts the incidents of her friendships. These friendships seem over-valued, but they include such names as Flammorian, Rodin, Dumas, Sarah Bernhardt, Anatole France (who has written the introduction for her book), and M. Claretie. France describes the dancer as "an American lady with small features, with blue eyes like water in which a pale sky is reflected, rather plump, smiling, refined." He should have added Gallic, for her art-admitting its Greek form-her phrases, her vivacity, her happy egotism are as Gallic as France's description of her. The volume is freely illustrated with photographs of Miss Fuller's dances.

Europäische Musiker in Venedig, Rom und Neapel 1650-1750 Anne-Madeleine Goulet 2018-11-07 Der Abschlussband des deutsch-französischen ANR-DFG-Projekts MUSICI widmet sich der Musikermigration im Europa der Frühen Neuzeit mit einem kultur- und musikgeschichtlichen Blick auf Venedig, Rom und Neapel als Reiseziele und Wirkungsorte von Instrumentalisten, Sängern, Komponisten und Instrumentenbauern, die nicht von der italienischen Halbinsel stammen. Im Sinne einer "histoire croisée" werden Netzwerke, Integrations- und Austauschprozesse aufgedeckt, mit denen fremde Musiker zwischen musikalischem Alltag und herausragenden Festlichkeiten konfrontiert waren. Auf dieser Grundlage wird eine systematische Betrachtung der frühneuzeitlichen Musikermigration sowie eine Untersuchung musikalischer Stile jenseits nationaler Forschungstraditionen möglich.

Mapping the Moving Image Pasi Väliaho 2010 In Mapping the Moving Image, Pasi Väliaho offers a compelling study of how the medium of film came to shape our experience and thinking of the world and ourselves. By locating the moving image in new ways of seeing and saying as manifest in the arts, science and philosophy at the turn of the twentieth century, the book redefines the cinema as one of the most important anthropological processes of modernity. Moving beyond the typical understanding of cinema based on optical and linguistic models, Mapping the Moving Image takes the notion of rhythm as its cue in conceptualizing the medium’s morphogenetic potentialities to generate affectivity, behaviour, and logics of sense. It provides a clear picture of how the forms of early film, while mobilizing bodily gestures and demanding intimate, affective engagement from the viewer, emerged in relation to bio-political investments in the body. The book also charts from a fresh perspective how the new gestural dynamics and visuality of the moving image fed into our thinking of time, memory and the unconscious.

Stravinsky and the Russian Traditions Richard Taruskin 1996 During his career, Stravinsky underplayed his Russian past in favour of a European cosmopolitanism. This study defines Stravinsky's relationship to the musical and artistic traditions of his native land and provides a dramatic new picture of one of the major figures in the history of music.

Censorship and Literature in Fascist Italy is the first comprehensive account of how the Fascists attempted to control Italy’s literary production. Guido Bonsaver looks at how the country’s major publishing houses and individual authors responded to the new cultural directives imposed by the Fascists. Throughout his study, Bonsaver uses rare and previously unexamined materials to shed light on important episodes in Italy’s literary history, such as relationships between the regime and particular publishers, as well as individual cases involving renowned writers like Moravia, Da Verona, and Vittorini. Censorship and Literature in Fascist Italy charts the development of Fascist censorship laws and practices, including the creation of the Ministry of Popular Culture and the anti-Semitic crack-down of the late 1930s. Examining the breadth and scope of censorship in Fascist Italy, from Mussolini’s role as ?prime censor? to the specific experiences of female writers, this is a fascinating look at the vulnerability of culture under a dictatorship.
