Western Civilization, Alternate Volume: Since 1300 Jackson J. Spielvogel 2016-09-14
Best-selling author Jackson Spielvogel has helped over one million students learn about the present by exploring the past. Spielvogel's engaging narrative weaves the political,

economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. Updated to reflect current scholarship, WESTERN CIVILIZATION, 10th Edition, includes more than 150 maps and excerpts of more than 250 primary sources that enliven the

past while introducing students to the source material of historical scholarship. Additionally, the text is illustrated with more than 400 photographs that add visual context. A variety of pedagogical tools, including focus and critical thinking questions, primary source features with assignable questions, and end-of-chapter study aids, make this edition accessible to any learning style. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Civil Rights in America and the Caribbean, 1950s-2010s Jerome Teelucksingh 2017-09-29

This book illustrates the parallel struggles among Blacks in the US and the Caribbean for equality and greater political participation and equal treatment during the 1960s and 1970s. In recounting the historical evolution of the Civil Rights and Black Power Movement, this book focuses on lesser-known individuals and groups such as the Students for Racial Equality. Jerome

Teelucksingh argues that these personalities and smaller organizations made valid contributions to the betterment their respective societies, connecting their work to both the cultural and social justice history of Civil Rights and to the contemporary struggles of cultural and political experience of Blacks in American and Caribbean society. The book also distinctively illustrates the contributions of Whites, ethnic minorities and non-Christians in a diverse campaign for greater political participation, better governance, poverty reduction, equality and tolerance.

Study Guide to Accompany Irwin Unger's These United States, the Questions of Our Past Ronald S. Brockway 1982

1950s American Style: A Reference Guide (hard cover) Daniel Niemeyer

A Hand Book Of Sociology Of Education P.L. Sharma 2008

[The Age of Eisenhower](#) William I Hitchcock 2018-03-20 A New York Times bestseller, this is the “outstanding” (The Atlantic), insightful, and

authoritative account of Dwight Eisenhower's presidency. Drawing on newly declassified documents and thousands of pages of unpublished material, *The Age of Eisenhower* tells the story of a masterful president guiding the nation through the great crises of the 1950s, from McCarthyism and the Korean War through civil rights turmoil and Cold War conflicts. This is a portrait of a skilled leader who, despite his conservative inclinations, found a middle path through the bitter partisanship of his era. At home, Eisenhower affirmed the central elements of the New Deal, such as Social Security; fought the demagoguery of Senator Joseph McCarthy; and advanced the agenda of civil rights for African-Americans. Abroad, he ended the Korean War and avoided a new quagmire in Vietnam. Yet he also charted a significant expansion of America's missile technology and deployed a vast array of covert operations around the world to confront the challenge of communism. As he left office, he cautioned Americans to remain

alert to the dangers of a powerful military-industrial complex that could threaten their liberties. Today, presidential historians rank Eisenhower fifth on the list of great presidents, and William Hitchcock's "rich narrative" (*The Wall Street Journal*) shows us why Ike's stock has risen so high. He was a gifted leader, a decent man of humble origins who used his powers to advance the welfare of all Americans. Now more than ever, with this "complete and persuasive assessment" (Booklist, starred review), Americans have much to learn from Dwight Eisenhower.

**Societies, Networks, and Transitions,
Volume II: Since 1450: A Global History**

Craig A. Lockard 2020-05-15 Exploring history in global framework, Lockard's SOCIETIES, NETWORKS, AND TRANSITIONS, VOLUME II: SINCE 1450: A GLOBAL HISTORY, Fourth Edition, combines the accessibility and cultural richness of a regional approach with the rigor of comparative scholarship. Emphasizing culture,

social change, gender issues, economic patterns, science and religion, it helps you unravel the connections, encounters, cooperation and conflicts of world and regional history. The author includes profiles of individuals from various walks of life as well as highlights social life and cultural artifacts such as music, literature and art. Extensively revised, the text incorporates recent scholarship throughout, examines various debates among historians and explains how historians use original documents. Insightful questions help you reflect on the historical significance of text material -- and how it relates to you. S/Gde Bk 7 Reconst'g America G8 2005 OUP
2005-01-01 A history of the Reconstruction period and the movements of reform, immigration, industrialization, and urbanization.
Queer Public History Marc Stein 2022 Over

the course of the last half century, queer history has developed as a collaborative project involving academic researchers, community scholars, and the public. Initially rejected by most colleges and universities, queer history was sustained for many years by community-based contributors and audiences. Academic activism eventually made a place for queer history within higher education, which in turn helped queer historians become more influential in politics, law, and society. Through a collection of essays written over three decades by award-winning historian Marc Stein, *Queer Public History* charts the evolution of queer historical interventions in the academic sphere and explores the development of publicly oriented queer historical scholarship. From the AIDS crisis of the 1980s and the rise of queer activism in the 1990s to debates about queer immigration, same-sex marriage, and the politics of gay pride in the early twenty-first century, Stein introduces readers to key themes in queer

public history. A manifesto for renewed partnerships between academic and community-based historians, strengthened linkages between queer public history and LGBT scholarly activism, and increased public support for historical research on gender and sexuality, this anthology reconsiders and reimagines the past, present, and future of queer public history.

Western Civilization Jackson J. Spielvogel
2020-01-23 Bestselling author Jackson Spielvogel has helped over 1 million students learn about the present by exploring the past. His engaging narrative weaves the political, economic, social, religious, intellectual, cultural and military aspects of history into a gripping story that is as memorable as it is instructive. while a variety of learning tools make this edition accessible to any learning style. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Oxford Handbook of American Political Parties and Interest Groups L. Sandy Maisel
2012-01-12 The Oxford Handbooks of American Politics are the essential guide to the study of American political life in the 21st Century. With engaging new contributions from the major figures in the field of political parties and interest groups this Handbook is a key point of reference for anyone working in American Politics today.

Making America: A History of the United States, Brief Carol Berkin
2013-01-01 MAKING AMERICA: A HISTORY OF THE UNITED STATES, BRIEF SIXTH EDITION, presents history as a dynamic process shaped by human expectations, difficult choices, and often the surprising consequences. With this focus on

history as a process, MAKING AMERICA encourages readers to think historically and to develop into citizens who value the past. The clear chronology, straightforward narrative, and strong thematic structure emphasize communication over intimidation and appeal to readers of varied learning levels. The Brief Sixth Edition retains a hallmark feature of the MAKING AMERICA program: pedagogical tools that allow readers to master complex material and enable them to develop analytical skills. Every chapter has chapter outlines, chronologies, focus questions, and on-page glossaries (defining both key terms and general vocabulary) to provide guidance throughout the text; the open, inviting design allows readers to access and use pedagogy to improve learning. A wealth of images throughout provides a visual connection to the past, with captions that help readers analyze the subject of the painting, photograph, or artifact from an historical point of view. Investigating America gets to the heart

of learning history: reading and analyzing primary sources. A new feature, In The Wider World introduces a global perspective for each chapter. In addition, a new map program provides clear, visually engaging maps with globe insets to put the map in a global context. Available in the following split options: MAKING AMERICA, Brief Sixth Edition Complete, Volume 1: To 1877, and Volume 2: Since 1865. Available with InfoTrac Student Collections <http://gocengage.com/infotrac>. Creating America , Grades 6-8 Mcdougal Littel 2000-04-24

The Organization Man William Hollingsworth Whyte 2002

Behind Communism Frank L. Britton

A People and a Nation Mary Beth Norton 1997-12

1950s Science Fiction Films and 9/11 Melvin E.

Matthews 2007 1950s Cold War-era monsters meet 21st century terrorists: this exploration of sci-fi movies examines the similarities and differences between the political environment and popular culture of two eras. This examination and appreciation of 1950s science fiction films includes behind-the-scenes tales about their production and many quotes from those who produced and starred in the films. The author draws parallels between the Cold War fears of the 1950s and 60s and the constant "terrorism alerts" of the September 11th era, exploring how the politics and the psychological climate of the times influences and is reflected in this vehicle of popular culture. This book is the first of its kind, studying the pop culture genre in the wake of the September 11th tragedy. It shows that, whatever the era and whatever the challenges and crises confronting America, many entertainment themes remain the same, reflecting their respective times and the relevant issues. For instance, Godzilla, the only

Fifties-era monster to remain a "movie star" beyond that era, could be fashioned to reflect whatever issues dominate the times, be they nuclear war in the Fifties when Godzilla originated to a Seventies Godzilla film about environmental pollution. Conceivably a Godzilla for the age of terrorism is possible. "Them"! the 1954 atomic mutation classic, is the spiritual ancestor of the 2002 film "Eight Legged Freaks." The alien invaders of the Fifties signified a Russian invasion of America, while other films of the genre, such as "Invaders from Mars," depicted aliens utilizing mind control to manipulate humans to commit acts of sabotage, signifying Communist enslavement. If such a film were made now, such invaders could be seen as terrorist masterminds using human slaves to commit terrorist acts. Finally, several Fifties films depicted the end of the world at a time when Americans expected a nuclear war with Russia. The immediate pre-September 11th era witnessed films presenting galactic threats

to mankind's existence ("Independence Day," "Deep Impact," "Armageddon"), while the early 2000s witnessed the popularity of the "Left Behind" Christian films dramatizing the Tribulation period in the Book of Revelation.

Western Civilization: Volume C: Since 1789

Jackson J. Spielvogel 2016-12-05 Best-selling author Jackson Spielvogel has helped over one million students learn about the present by exploring the past. Spielvogel's engaging narrative weaves the political, economic, social, religious, intellectual, cultural, and military aspects of history into a gripping story that is as memorable as it is instructive. Updated to reflect current scholarship, WESTERN CIVILIZATION, 10th Edition, includes more than 150 maps and excerpts of more than 250 primary sources that enliven the past while introducing students to the source material of historical scholarship. The Other America Michael Harrington 1997-08 Presents the original report on poverty in America that led President Kennedy to initiate the federal poverty program

Nation of Nations James West Davidson 2001
The Story of America John Arthur Garraty 1994
Liberty, Equality, Power: A History of the American People John M. Murrin 2015-01-01 A highly respected, balanced, and thoroughly modern approach to U.S. history, LIBERTY, EQUALITY, POWER: A HISTORY OF THE AMERICAN PEOPLE, Seventh Edition, uses these three themes to show how the United States was transformed from hunter-gatherer and agricultural Native American societies into

the most powerful industrial nation on Earth. This approach helps students understand the impact of the notions of liberty and equality, which are often associated with the American story and recognize how dominant and subordinate groups have affected and been affected by the ever-shifting balance of power. The text integrates the best of recent social and cultural scholarship-including fun material on movies and other forms of popular culture-into a political story, offering a comprehensive and complete understanding of American history. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Enduring Vision Paul S. Boyer 1995

Unto a Good Land David Edwin Harrell Jr.
2005-08-23 "Unto a Good Land offers a distinctive narrative history of the American people -- from the first contacts between Europeans and North America's native inhabitants, through the creation of a modern

nation, to the standing of the United States as a world power. Written by a team of distinguished historians led by David Edwin Harrell, Jr. and Edwin S. Gaustad, this textbook shows how grasping the uniqueness of the bAmerican experimentb depends on understanding the role of religion as well as social, cultural, political, and economic factors in shaping U.S. history.A common shortcoming of most United States history textbooks is that while, in recent decades, they have expanded their coverage of social and cultural history, they still tend to shortchange the role of religious ideas, practices, and movements in the American past. "Unto a Good Land addresses this shortcoming in a balanced way. The authors recognize that religion is only one of many factors that have influenced our past -- one, however, that has often been neglected in textbook accounts. This volume gives religion its appropriate place in the story."Unprecedented coverage of the forces that have shaped the history of the United States

While none of America's rich history is left out, this volume is the first U.S. history textbook to give serious attention to the religious dimension of American life. This textbook is not a religious history; instead, it offers an account of American history that includes religious ideas, practices, and movements whenever they played a shaping role."Comprehensive and current This volume traces the American story from the earliest encounters between the first North American inhabitants and Europeans through the 2004 presidential election. Complete and balanced treatment is also given to issues of gender, race, and ethnicity, as well as cultural, political, and economic forces."A clear and compelling narrative The authors are more than expert historians; they are also talented writers who recognize history to be the retelling of human life. United by a seamless narrative structure, these chapters restore the history to history."Multiple formats specially designed for flexible classroom use "Unto a Good Land is

available as a single hardcover edition or as two paperback volumes, offering maximum flexibility when adapting curriculum for one- and two-semester courses in U.S. history. The two paperback volumes can be used for U.S. history survey courses divided at 1865 or 1900 -- or at any date in between."Informative special features to complement the text In addition to the book's exceptional narrative, an array of special features enhances the instructional value of the text and points students to resources for further study."Includes assistance for teaching and test preparation The instructor's manual for "Unto a Good Land provides helpful suggestions for lesson plans and assignments, and the test bank provides multiple-choice and essay questions for use as study aids, quizzes, or tests."Suitable for instruction at both secular and religious colleges and universities Drawing on their experience in both secular and religious schools, the authors have ensured that this textbook is suitable for U.S. history classes in a

wide variety of settings.

Instructor's Manual to Accompany Irwin Unger's *These United States*, the Questions of Our Past Robert Alfred Waller 1978

As Seen on TV Karal Ann Marling 1996-03 An examination of everyday objects and cultural trends as portrayed on television looks at American life and values in the 1950s.

The Americans Gerald A. Danzer 1999-07

Atomic Age Cinema: The Offbeat, the Classic and the Obscure Barry Atkinson 2018-01-22

Rethinking the 1950s Jennifer A. Delton 2013-10-07 Historians generally portray the 1950s as a conservative era when anticommunism and the Cold War subverted domestic reform, crushed political dissent, and ended liberal dreams of social democracy. These years, historians tell us, represented a turn to the right, a negation of New Deal liberalism, an end to reform. Jennifer A. Delton argues that, far from subverting the New Deal state,

anticommunism and the Cold War enabled, fulfilled, and even surpassed the New Deal's reform agenda. Anticommunism solidified liberal political power and the Cold War justified liberal goals such as jobs creation, corporate regulation, economic redevelopment, and civil rights. She shows how despite President Eisenhower's professed conservatism, he maintained the highest tax rates in US history, expanded New Deal programs, and supported major civil rights reforms.

Containing America Nathan Abrams 2000-01-01

The postwar period in America witnessed a tremendous consumer boom that introduced thousands of new items into the mass market. The contributors to *Containing America*

challenge our conceptions of Cold War culture by examining a range of such products - clothes, food, television, magazines, radio, and other forms of entertainment - in order to shed light on how Cold War discourses actually influenced the practices of ordinary behaviour. Their essays address very different sectors of American society - in terms of race, class, ethnicity, sexuality and gender - thus emphasising the multiplicity, diversity, and differing nature of the voices that emerged in cultural production and consumption during the 1950s. *Containing America* points out directions for further research and provides a fresh approach for scholars, students, and others interested in the culture of the Cold War of the 1950s.

A History of the Book in America David Paul Nord 2009 V. 1. The colonial book in the Atlantic world: This book carries the interrelated stories of publishing, writing, and reading from the beginning of the colonial period in America up to

1790. v. 2 An Extensive Republic: This volume documents the development of a distinctive culture of print in the new American republic. v. 3. The industrial book 1840-1880: This volume covers the creation, distribution, and uses of print and books in the mid-nineteenth century, when a truly national book trade emerged. v. 4. Print in Motion: In a period characterized by expanding markets, national consolidation, and social upheaval, print culture picked up momentum as the nineteenth century turned into the twentieth. v. 5. The Enduring Book: This volume addresses the economic, social, and cultural shifts affecting print culture from World War II to the present.

Handbook of Cultural Psychiatry Wen-Shing Tseng 2001-06-06 Cultural psychiatry is primarily concerned with the transcultural aspects of mental health related to human behavior, psychopathology and treatment. At a clinical level, cultural psychiatry aims to promote culturally relevant mental health care

for patients of diverse ethnic or cultural backgrounds. From the standpoint of research, cultural psychiatry is interested in studying how ethnic or cultural factors may influence human behavior and psychopathology as well as the art of healing. On a theoretical level, cultural psychiatry aims to expand the knowledge and theories about mental health-related human behavior and mental problems by widening the sources of information and findings transculturally, and providing cross-cultural validation. This work represents the first comprehensive attempt to pull together the clinical, research and theoretical findings in a single volume. Key Features * Written by a nationally and internationally well-known author and scholar * The material focuses not only on the United States but also on various cultural settings around the world so that the subject matter can be examined broadly from universal as well as cross-cultural perspectives * Proper combination of clinical practicalities and

conceptual discussion * Serves as a major source for use in the training of psychiatric residents and mental health personnel as well as students of behavior science in the areas of culture and mental health * A total of 50 chapters with detailed cross-referencing * Nearly 2000 references plus an appendix of almost 400 books * 130 tables and figures

Legislative Calendar United States. Congress. Senate. Committee on Finance 1950
Cengage Advantage Books: Liberty, Equality, Power: A History of the American People John M. Murrin 2015-02-18 This economically priced version of LIBERTY, EQUALITY, POWER, 7th Edition offers readers the complete narrative while limiting the number of features, photos, and maps. A highly respected, balanced, and thoroughly modern approach to U.S. History, LIBERTY, EQUALITY, POWER uses these three themes in a unique approach to show how the United States was transformed, in a relatively short time, from a land inhabited by hunter-

gatherer and agricultural Native American societies into the most powerful industrial nation on earth. This approach helps students understand not only the impact of the notions of liberty and equality, which are often associated with the American story, but also how dominant and subordinate groups have affected and been affected by the ever-shifting balance of power.

The text integrates the best of recent social and cultural scholarship into a political story, offering students a comprehensive and complete understanding of American history.
