The Lover, the Lunatic, the Poet- Thoughts of a Native Queen Satin S. Johnson 2011-01-26 This is my debut of talent to the world. If you love the art of expression and the art that vocabulary can release through a creative flow of stanzas then this is especially for you. Poetry in this day and age isn't fully appreciated. Most of our music today is simple and shallow to say the least but this is the exact opposite. This digs a hole where a hole should be dug, It asks questions that should be asked, It challenges the heart and mind to think different and BE different. I'm proud to have completed it and send this collection of poetry your way. A mind is as deep and artistic as we allow it to be so allow yours to come here today as you read this, ENJOY!

Poetry David Constantine 2013-10-03 The Literary Agenda is a series of short polemical monographs about the importance of literature and of reading in the wider world and about the state of literary education inside schools and universities. The category of 'the literary' has always been contentious. What is clear, however, is how increasingly it is dismissed or is unrecognised as a way of thinking or an arena for thought. It is sceptically challenged from within, for example, by the sometimes rival claims of cultural history, contextualized explanation, or media studies. It is shaken from without by even greater pressures: by economic exigency and the severe social attitudes that can follow from it; by technological change that may leave the traditional forms of serious human communication looking merely antiquated. For just these reasons this is the right time for renewal, to start reinvigorated work into the meaning and value of literary reading. In this fascinating addition to the Literary Agenda series, David Constantine argues that poetry matters. It matters for individuals and for the society they are members of. He asserts that poetry is not for the few but for the many, and belongs and can only thrive among them, speaks of and to their concerns. Poetry considers both the writing and the reading of poetry, which Constantine views as kindred activities. He examines what goes into the writing of a poem and considers what good there is in reading it. Constantine also considers translation, arguing that great benefit comes to the native language from dealings with the foreign; also, that all reading is a form of translation - of texts into the lives we lead. Altogether, Poetry is an attempt, with many quotations, to show how poetry works, what its responsibilities are, and how it may help us in our real circumstances now.

Distant Mandate Ange Mlinko 2017-07-11 In *Distant Mandate*, Ange Mlinko moves between the tormented southern landscape, with its alternately arid and flooded scrublands, and the imaginative landscapes of Western art. Guided by her spiritual forbears—Orpheus, Mallarmé, Pound, Yeats, and others—Mlinko deftly places herself within the tradition of the poet in protest against the obduracy of the real. Mlinko takes the title from a piece by Laszlo Krasznahorkai on the unknowable origins of the Alhambra, the monument “for the sight of which there is only a distant mandate . . . [one] can see, in any event, the moment of creation of the world, of course all the while understanding nothing of it.” This distant mandate, also the “bitter ideal” of Mallarmé, is the foundation upon which all works of art are composed—the torment of eros and the intimation of war. Myth is central to these poems; some are based on the story Cupid and Psyche, others serve as odes to Aphrodite or as explorations of the myth of Orpheus and Eurydice. In *Distant Mandate*, Mlinko has given us a shimmering and vibrant collection, one that shows us not only how literature imagines itself through life but also how life reimagines itself through literature.

Sometimes it feels that every day brings a new struggle, a new concern, a new reason to stay in bed with the shades drawn. It is moments like these that have inspired the touching, honest, and gripping poems found in *I Just Hope It's Lethal: Poems of Sadness, Madness, and Joy*. After all, what's normal anyway? This collection includes poems by Charles Bukowski, Sylvia Plath, Anne Sexton, T.S. Eliot,

Edgar Allan Poe, W.B. Yeats, Dorothy Parker, Jane Kenyon, and many more, including teenage writers and up-and-coming poets.--

Every Day We Get More Illegal Juan Felipe Herrera 2020-09-22 Included in Publishers Weekly's Top 10 Poetry Books of 2020 and LitHub's Most Anticipated Books of the Year! A State of the Union from the nation's first Latino Poet Laureate. Trenchant, compassionate, and filled with hope. "Many poets since the 1960s have dreamed of a new hybrid art, part oral, part written, part English, part something else: an art grounded in ethnic identity, fueled by collective pride, yet irreducibly individual too. Many poets have tried to create such an art: Herrera is one of the first to succeed."—New York Times "Herrera has the unusual capacity to write convincing political poems that are as personally felt as poems can be."—NPR "Juan Felipe Herrera's magnificent new poems in *Every Day We Get More Illegal* testify to the deepest parts of the American dream—the

streets and parking lots, the stores and restaurants and futures that belong to all—from the times when hope was bright, more like an intimate song than any anthem stirring the blood."—Naomi Shihab Nye, *The New York Times Magazine* "From Basho to Mandela, *Every Day We Get More Illegal* takes us on an international tour for a lesson in the history of resistance from a poet who declares, 'I had to learn . . . to take care of myself . . . the courage to listen to my self.' In ways subtle and sometimes proudly loud, this book makes it clear exactly why Juan Felipe Herrera continues to be recognized and sought after for his work. You hold in your hands evidence of who we really are."—Jericho Brown, author of *The Tradition* "In *Every Day We Get More Illegal* Juan Felipe Herrera shows off all of his styles. These poems talk directly to America, to migrant people, and to working people. Herrera has created a chorus to remind us we are alive and beautiful and powerful."—José Olivarez, Author of *Citizen Illegal* "The poet comes to his country with a book of songs, and asks: America, are you listening? We better listen. There is wisdom in this book, there is a choral voice that teaches us 'to gain, pebble by pebble, seashell by seashell, the courage.' The courage to find more grace, to find flames."—Ilya Kaminsky, author of *Deaf Republic* In this collection of poems, written during and immediately after two years on the road as United States Poet Laureate, Juan Felipe Herrera reports back on his travels through contemporary America. Poems written in the heat of witness, and later, in quiet moments of reflection, coalesce into an urgent, trenchant, and yet hope-filled portrait. The struggle and pain of those pushed to the edges, the shootings and assaults and injustices of our streets, the lethal border game that separates and divides, and then: a shift of register, a leap for peace and a view onto the possibility of unity. *Every Day We Get More Illegal* is a jolt to the conscience—filled with the multiple powers of the many voices and many textures of every day in America. "Former Poet Laureate Juan Felipe Herrera should also be Laureate of our Millennium—a messenger who nimbly traverses the transcendental liminalities of the United States to then speak from the body politic in confrontation with an enemy system that threatens the networks that make us ethical and humane. Every book he writes

becomes his best book and this collection is no exception. He brings unity and vulnerability to this wide-ranging and prophetic volume."—Carmen Gimenez Smith, author of *Be Recorder*

Forms of Expansion Lynn Keller 1997-08-04 Expanding the boundaries of both genre and gender, contemporary American women are writing long poems in a variety of styles that repossess history, reconceive female subjectivity, and revitalize poetry itself. In the first book devoted to long poems by women, Lynn Keller explores this rich and evolving body of work, offering revealing discussions of the diverse traditions and feminist concerns addressed by poets ranging from Rita Dove and Sharon Doubiago to Judy Grahn, Marilyn Hacker, and Susan Howe. Arguing that women poets no longer feel intimidated by the traditional associations of long poems with the heroic, public realm or with great artistic ambition, Keller shows how the long poem's openness to sociological, anthropological, and historical material makes it an ideal mode for exploring women's roles in history and culture. In addition, the varied forms of long poems—from sprawling free verse epics to regular sonnet sequences to highly disjunctive experimental collages—make this hybrid

genre easily adaptable to diverse visions of feminism and of contemporary poetics.
