PUA Is Bullshit for Dating and Seduction Jim Suski 2018-06-28 Pick Up Artists learnt about girls in school while you were in your room cramming for your exams' - Now they have all the girls and no money - and you have all the money but no girls ... " "...the best men are often the worst at approaching and seducing...for a women it sometimes takes two tequilas before good looking Joe Normal by the water cooler stops acting like such a "damm "wimp"... Pick Up Artists are full of bullshit! What women really want and why men are so bad at approaching. The mindset men need for women - Why a woman's "boyfriend material" acts so "creepy". "...men have always loved to hunt. 100 years ago they hunted tigers. Men who hunted years displayed the skin of the dead tiger with especial pride. A tiger hunter was greatly respected by his fellow man and held in awe by women. This was because tiger hunting was damm dangerous. Ok the man had a heavy calibre rifle capable of packing a tiger stopping bullet of over 4,000 joules (if you don't know guns - that's a friggin' big bullet). But to hit the tiger with that "friggin' big bullet", he had to... - Recognize the threat, - Find out where the threat is coming from. - Release the safety catch. - Move their body and point the gun at the threat. - Take aim (at a fast moving target). - Fire and hit the tiger in a part of the body that would kill it instantly. While this was happening the tiger has the advantage of... - Natural camouflage - Being an excellent natural hunter and stalker - Able to move over short distances very very fast. - Kill instantly, violently and quickly. No wonder tiger hunters were so respected. To kill a tiger you had to have big, big balls. This was not just "fun" it carried a very real possibility of a swift and very gory death. To hunt tigers the man had to have more than just a good gun. They had to have knowledge. They had to "Know the Beast". Know its nature, its habits and its powers. The gun was not enough. The same is your fear of rejection by a woman. That is your "beast". To cope with rejection you must "know the Beast". You must recognize its power. Forget what you have been told about how you should feel if a woman rejects you. She is rejecting you for sex. Sex is your most important mission, more important than defending yourself and your friends, more important than being a provider. The pain is real, the pain is powerful, it is strong. Rejection is more damaging to your self-esteem than being called a coward, more hurtful than being fired by your boss for incompetence. Stop telling yourself that it's not personal, that she is not in the mood, that she is weird / frigid etc. It's you; yes you absolutely and personally. Your manliness has been measured, judged evaluated and come up wanting. End of story! Your coping strategy is to "know the beast" and your sense of duty and mission. The tiger hunter who hunted with a rife for sport was considered to have big balls. Brave hunters, the most respected defended their loved ones in the tribe with no more than a spear - they were adored by their peers and idolized by the women - they had to have wheelbarrows to carry their balls. But those with the greatest balls, those whose feats were told through generations who were held up to be great hunters/ warriors. Those whose names are mentioned in hushed tones by their grandchildren and great grandchildren? They are the warriors that past their prime, with weakened arms and trembling knees, with their eyesight cloudy and their strength faded still walked out of the village to confront the Beast and in doing so to fulfil their destiny and their duty. There is no wheelbarrow built big enough to carry their balls! ..."

Swimming Across Andrew Grove 2019-08-09 Elegant and concise, this childhood memoir of Andy Grove, one of the pioneers of Silicon Valley, begins in Budapest, Hungary where the author was born into a secular Jewish family in 1936. As a small child, Andris Grof was told, “Jesus Christ was killed by the Jews, and because of that, all of the Jews will be thrown into the Danube.” Grof’s school years were marked by such anti-semitism and interrupted first by the Nazi occupation and then by the post-war Communist regime. He was a good student who excelled at chemistry which he was studying at the University of Budapest when the Hungarian uprising of 1956 persuaded him to “swim across” the border and emigrate to the West. Grove provides an interesting sketch of a boy’s coming of age in a deeply dangerous 20th century Budapest under the control of Nazis and then Communists and concludes the memoir with an account of his escape and eventual resumption of his studies at the City College of New York. “Haunting and inspirational. It should be required reading in schools.” — Tom Brokaw “A poignant memoir... a moving reminder of the meaning of America and the grit and courage of a remarkable young man who became one of America’s phenomenal success stories.” — Henry Kissinger “This honest and riveting account gives a fascinating insight into the man who wroteOnly the Paranoid Survive.” — George Soros “Andy Grove is a tremendous role model, and his book sheds light on his amazing journey. I would choose him as my doubles partner any day!” — Monica Seles “Combines a unique and often harrowing personal experience with the virtues of fiction at its most engrossing — vivid scenes, sharply delineated characters, and an utterly compelling narrative... a wonderful reading experience.” — Richard North Patterson “A poignant tale leading to human courage and hope.” — Elie Wiesel “Grove, the founder and chairman of Intel Corporation, does not whine about his hardships. Instead he recalls ordinary events and matter-of-factly juxtaposes these against the turmoil of midcentury Hungary, creating a subtle though compelling commentary on the power to endure.” — Diane Scharper, The New York Times “Swimming Across tells the childhood stories [Grove] has guarded since first entering the public eye four decades ago... [It] is driven not by executives battling for money and power, but the experiences — some mundane, some extraordinary — of a nonobservant Jewish boy growing up in Hungary through a fascist regime, a Nazi invasion and a Soviet occupation.” — Chris Gaither, The New York Times “ The intelligence, dedication and ingenuity that earned him fame and fortune (he wasTime’s Man of the Year in 1997) are evident early on... Grove’s story stands smartly amid inspirational literature by self-made Americans” — Publishers Weekly “A tight, simply told, extremely intimate memoir... a polished, solid portrait of a particular time and place.” — Kirkus “[A] moving and inspiring memoir... Grove’s account of life in Hungary in the 1950s is a vivid picture of a tumultuous period in world history.” — Booklist

Confessions of a Pickup Artist Chaser Clarisse Thorn 2012-03-26 There's an enormous subculture of men who trade tips, tricks, and tactics for seducing women. Within the last half-decade or so, these underground "pickup artists" have burst into the popular consciousness, aided by Neil Strauss's bestselling book The Game and VH1's hit reality show The Pick-Up Artist. Some men in the seduction community are sleazy misogynists who want nothing more than power and control. Some are shy wallflowers who don't know how to say hi to a girl. The one thing they all have in common is a driving need to attract women. Clarisse Thorn, a feminist S&M writer and activist, spent years researching these guys. She observed their discussions, watched them in action, and learned their strategies. By the end of it all, she'd given a lecture at a seduction convention and decided against becoming the next great dating coach. In Confessions of a Pickup Artist Chaser, Clarisse tells the story of her time among these Casanovas, as well as her own unorthodox experiences with sex and relationships. She examines the conflicts and harmonies of feminism, pickup artistry, and the S&M community. Most of all, she deconstructs and reconstructs our views on sex, love, and ethics - and develops her own grand theory of the game. Find Clarisse's blog at clarissethorn.com, or follow her on Twitter @ClarisseThorn.

The Mystery Method Mystery 2007-02-06 “One of the most admired men in the world of seduction” (The New York Times) teaches average guys how to approach, attract and begin intimate relationships with beautiful women For every man who always wondered why some guys have all the luck, Mystery, considered by many to be the world's greatest pickup artist, finally reveals his secrets for finding and forming relationships with some of the world's most beautiful women. Mystery gained mainstream attention for his role in Neil Strauss's New York Times bestselling exposé, The Game. Now he has written the definitive handbook on the art of the pickup. He developed his unique method over years of observing social dynamics and interacting with women in clubs to learn how to overcome the guard shield that many women use to deflect come-ons from “average frustrated chumps.” The Mystery Method: How to Get Beautiful Women Into Bed shares tips such as: *Give more attention to her less attractive friend at first, so your target will get jealous and try to win your attention. *Always approach a target within 3 seconds of noticing her. If a woman senses your hesitation, her perception of your value will be lower. *Don't be picky. Approach as many groups of people in a bar as you can and entertain them with fun conversation. As you move about the room, positive perception of you will grow. Now it's easy to meet anyone you want. *Smile. Guys who don't get laid, don't smile.

So says Mark Manson, superstar blogger and author of the international bestseller, The Subtle Art of Not Giving A F*ck, a self help book that packs a punch. Mark brings the same approach to teaching men what they need to know about attracting women. In Models he shows us how much it sucks trying to attract women using the tricks and tactics recommended by other books. Instead, he says, men need to focus on seduction as an emotional process not a physical or social one. What matters is the intention, the motivation, the authenticity. To improve your dating life you must improve your emotional life - how you feel about yourself and how you express yourself to others. Funny, irreverent and confronting, Models is a mature and honest guide on how a man can attract women by giving up the bullshit and becoming an honest broker. "A detailed guide to modern sexual ethics" Sydney Morning Herald "There's nothing subtle about Mark Manson. He's crude and vulgar and doesn't give a f*ck . . . He's as painfully honest as he is outrageously funny" Huffington Post

Eric Weber's World-Famous How to Pick Up Girls! Eric Weber 2001-02 "The fool-proof guide to meeting women without a formal introduction"--Cover. "*Without Conscience* Robert D. Hare 2011-09-20 Most people are both repelled and intrigued by the images of cold-blooded, conscienceless murderers that increasingly populate our movies, television programs, and newspaper headlines. With their flagrant criminal violation of society's rules, serial killers like Ted Bundy and John Wayne Gacy are among the most dramatic examples of the psychopath. Individuals with this personality disorder are fully aware of the consequences of their actions and know the difference between right and wrong, yet they are terrifyingly self-centered, remorseless, and unable to care about the feelings of others. Perhaps most frightening, they often seem completely normal to unsuspecting targets--and they do not always ply their trade by killing. Presenting a compelling portrait of these dangerous men and women based on 25 years of distinguished scientific research, Dr. Robert D. Hare vividly describes a world of con artists, hustlers, rapists, and other predators who charm, lie, and manipulate their way through life. Are psychopaths mad, or simply bad? How can they be recognized? And how can we protect ourselves? This book provides solid information and surprising insights for anyone seeking to understand this devastating condition.

What makes for great leadership? How do influential people end up rippling the surface of history? In this collection of essays, Walter Isaacson reflects on the lessons to be learned from Benjamin Franklin, Albert Einstein, Bill Gates, Henry Kissinger, Ronald Reagan and Mikhail Gorbachev, Hillary Clinton and Bill Clinton, and various other interesting characters he has chronicled as a biographer and journalist. The people he writes about have an awesome intelligence, in most cases, but that is not the secret of their success. They had qualities that were even more rare, such as imagination and true curiosity. Isaacson reflects on how he became a writer, the lessons he learned from various people he met, and the challenges he sees for journalism in the digital age. He also offers loving tributes to his hometown of New Orleans, which both before and after Hurricane Katrina offered many of the ingredients for a creative culture, and to the Louisiana novelist Walker Percy, who was an early mentor. In an anecdotal and personal way, Isaacson describes the joys of the "so-called writing life" and the way that tales about the lives of fascinating people can enlighten our own lives.

Games C. Thi Nguyen 2020 Games are a unique art form. They do not just tell stories, nor are they simply conceptual art. They are the art form that works in the medium of agency. Game designers tell us who to be in games and what to care about; they designate the player's in-game abilities and motivations. In otherwords, designers create alternate agencies, and players submerge themselves in those agencies. Games let us explore alternate forms of agency. The fact that we play games demonstrates something remarkable about the nature of our own agency: we are capable of incredible fluidity with our ownmotivations and rationality.This volume presents a new theory of games which insists on games' unique value in human life. C. Thi Nguyen argues that games are an integral part of how we become mature, free people. Bridging aesthetics and practical reasoning, he gives an account of the special motivational structure involved inplaying games. We can pursue goals, not for their own value, but for the sake of the struggle. Playing games involves a motivational inversion from normal life, and the fact that we can engage in this motivational inversion lets us use games to experience forms of agency we might never have developed on our own. Games, then, are a special medium for communication. They are the technology that allows us to write down and transmit forms of agency. Thus, the body of games forms a "library of agency" which we can use to help develop our freedom and autonomy.Nguyen also presents a new theory of the aesthetics of games. Games sculpt our practical activities, allowing us to experience the beauty of our own actions and reasoning. They are unlike traditional artworks in that they are designed to sculpt activities - and to promote their players' aestheticappreciation of their own activity.

Waking up at 21 years old, Connor (Selna Kim) McCanness realized he would be a failure forever with the opposite sex unless he did something about it. In less than 2 years, he was able to turn his life completely around, starting with discovering a secret organization. One that laid in the shadows, pulling the strings behind the success of the Midwest's most famous clubs. 'Letter-Jay' was a codename for a member that had all of the secrets behind meeting, attracting, dating, and winning the heart of the women he's always dreamed of. They met as kids when they both were living broke and next to an Indianapolis train yard, but Jay had weaseled his way from poverty to riches in 18 months using only his attraction, seduction, and networking skills. The Midwest recruited him to pack the clubs with people; beginning to make most people's monthly income in just a few nights. Learning under Letter-Jay for a few months, he unlocked the secrets to spark desire with any woman. When Letter-Jay began to notice his rapid acceleration in success with the opposite sex, he was introduced by Letter-Jay to the top dog - the leader of the industry. They quickly witnessed Kim's potential, classifying him a permanent spot in this community as 'Letter-C'. Discovering the other members, who were on par if not better than Letter-Jay, including Letter-H, X, Z and more, Letter-C sapped their skills and knowledge with the opposite sex. These skills catastrophically impacted the clubbing industry, bringing finer women into the clubs and more men that followed them in there. With that, it became a lifestyle of private jets, raves, VIP, models, and celebrities. Clubs across the Midwest hired them to turn their gasping-for-air clubs into region hot spots. He joined the community to find love, but he became addicted, cold, and dark. Power created greed, and it was rotting him. Either he would relearn what it takes to love, or dive so deep into greed that he would lose himself forever. "This stuff is powerful material," Selna Kim quotes. "It's the gateway to becoming the man all men want to be and all women desire. Use this power for good, for if you let it use you then it will consume you, it will hurt others, and it will leave you with nothing."
