The Goose Fritz Lebedev Sergei 2019-03-19 A man obsessively investigates the mysteries of his family's past in this "brave and unflinching" novel by the acclaimed Russian author of Oblivion (The Financial Times). Sergei Lebedev's first two novels, The Year of the Comet and Oblivion, established him as one of Russia's most important contemporary novelists. Now he reaffirms that status with this third work of fiction. The Goose Fritz tells the story of a young Russian named Kirill, the sole survivor of a once numerous clan of German origin, who delves relentlessly into the unresolved past. When Kirill's ancestor, Balthasar Schwerdt, migrated to the Russian Empire in the early 1800s, he brought with him the practice of alternative medicine. He was then taken captive by an erratic nobleman who supplied entertainment to Catherine the Great in the form of dwarves, hunchbacks, and magicians. Searches archives and cemeteries across Europe, Kirill's investigation takes us through centuries of turmoil during which none of Schwerdt's descendants can escape their adoptive country's cruel fate. Illuminating both personal and political history, "Lebedev muses in Tolstoyan fashion about [how] the actions of distant ancestors can fix the destinies of people hundreds of years later" (The Wall Street Journal).

Mexico Reading the United States Linda Egan 2009-07-17 "A provocative and uncommon reversal of perspective."--Elena Poniatowska.

Writing Pancho Villa's Revolution Max Parra 2005 The 1910 Mexican Revolution saw Francisco "Pancho" Villa grow from social bandit to famed revolutionary leader. Although his rise to national prominence was short-lived, he and his followers (the villistas) inspired deep feelings of pride and power amongst the rural poor. After the Revolution (and Villa's ultimate defeat and death), the new ruling elite, resentful of his enormous popularity, marginalized and discounted him and his followers as uncivilized savages. Hence, it was in the realm of culture rather than politics that his true legacy would be debated and shaped. Mexican literature following the Revolution created an enduring image of Villa and his followers. Writing Pancho Villa's Revolution focuses on the novels, chronicles, and testimonials written from 1925 to 1940 that narrated Villa's grassroots insurgency and celebrated—or condemned—his charismatic leadership. By focusing on works by urban writers Mariano Azuela (Los de abajo) and Martn Luis Guzmán (El guila y la serpiente), as well as works closer to the violent tradition of northern Mexican frontier life by Nellie Campobello (Cartucho), Celia Herrera (Villa ante la historia), and Rafael F. Muñoz (Vmonos con Pancho Villa!), this book examines the alternative views of the revolution and of the villistas. Max Parra studies how these works articulate different and at times competing views about class and the cultural "otherness" of the rebellious masses. This unique revisionist study of the villista novel also offers a deeper look into the process of how a nation's collective identity is formed.

Coffeeland Augustine Sedgewick 2021-04-06 A New York Times Book Review Editors' Choice "Extremely wide-ranging and well researched . . . In a tradition of protest literature rooted more in William Blake than in Marx." —Adam Gopnik, The New Yorker The epic story of how coffee connected and divided the modern world Coffee is an indispensable part of daily life for billions of people around the world. But few coffee drinkers know this story. It centers on the volcanic highlands of El Salvador, where James Hill, born in the slums of Manchester, England, founded one of the world's great coffee dynasties at the turn of the twentieth century. Adapting the innovations of the Industrial Revolution to plantation agriculture, Hill helped turn El Salvador into perhaps the most intensive monoculture in modern history—a place of extraordinary productivity, inequality, and violence. In the process, both El Salvador and the United States earned the nickname "Coffeeland," but for starkly different reasons, and with consequences that reach into the present. Provoking a reconsideration of what it means to be connected to faraway people and places, Coffeeland tells the hidden and surprising story of one of the most valuable commodities in the history of global capitalism.

Charles Deering and Ramón Casas / Charles Deering Y Ramón Casas Isabel Coll Mirabent 2012-11-30 This lavishly illustrated, bilingual art book presents drawings by Ramón Casas in the Charles Deering McCormick Library of Special Collections at the Northwestern University Library and oil paintings

by Casas from private collections and the Art Institute of Chicago. Charles Deering and Ramón Casas follows the development and dramatic dissolution of a three-way friendship that connected the Spanish painter Ramón Casas (1866–1932); the Chicago industrialist Charles Deering (1852–1927), who was a collector and admirer of Casas's work as well as a patron of Northwestern University; and the Spanish artist Miguel Utrillo (1862–1934), Casas's lifelong friend and the father of the French painter Maurice Utrillo. Casas introduced Deering to Sitges, a beach town near Barcelona, Spain, where the latter created a palatial estate with a museum to house his art collection. Miguel Utrillo served as director of the museum. The text explores the treasures housed at Maricel and what happened among the three men that led Casas to abandon Utrillo and Deering to depart Spain, taking his art collection with him.

The Stranger Albert Camus 2012-08-08 With the intrigue of a psychological thriller, Camus's masterpiece gives us the story of an ordinary man unwittingly drawn into a senseless murder on an Algerian beach. Behind the intrigue, Camus explores what he termed "the nakedness of man faced with the absurd" and describes the condition of reckless alienation and spiritual exhaustion that characterized so much of twentieth-century life. First published in 1946; now in translation by Matthew Ward.

The Infatuations Javier Marías 2013-03-07 *The Infatuations* is a metaphysical murder mystery and a stunningly original literary achievement by Javier Marías, the internationally acclaimed author of *A Heart So White* and *Your Face Tomorrow*. Every day, María Dolz stops for breakfast at the same café. And every day she enjoys watching a handsome couple who follow the same routine. Then one day they aren't there, and she feels obscurely bereft. It is only later, when she comes across a newspaper photograph of the man, lying stabbed in the street, his shirt half off, that she discovers who the couple are. Some time afterwards, when the woman returns to the café with her children, who are then collected by a different man, and Maria approaches her to offer her condolences, an entanglement begins which sheds new light on this apparently random, pointless death. With *The Infatuations*, Javier Marías brilliantly reimagines the murder novel as a metaphysical enquiry, addressing existential questions of life, death, love and morality. *The Infatuations* is an extraordinary, immersive book about the terrible force of events and their consequences. 'I am greatly impressed by the quality of Marías's writing . . . he uses language like an anatomist uses the scalpel to cut away the layers of the flesh in order to lay bare the innermost secrets of that strangest of species, the human being' W. G. Sebald 'Years ago, I said that Marías was Spain's best living writer . . . Nothing, afterwards, has made me alter that opinion' Eduardo Mendoza, *El País* '[I am] enthralled by his strange mix of made-up memories, lost experiences and real-life fantasies' Marina Warner, *Guardian* 'Stylish, cerebral . . . Marías is a startling talent' *The New York Times* Javier Marías was born in Madrid in 1951. He has published ten novels, two collections of short stories and several volumes of essays. His work has been translated into thirty-two languages and won a dazzling array of international literary awards, including the prestigious Dublin IMPAC award for *A Heart So White*. He is also a highly practised translator into Spanish of English authors, including Joseph Conrad, Robert Louis Stevenson, Sir Thomas Browne and Laurence Sterne. He has held academic posts in Spain, the United States and in Britain, as Lecturer in Spanish Literature at Oxford University. Margaret Jull Costa has been a literary translator for over twenty-five years and has translated many novels and short stories by Portuguese, Spanish and Latin American writers, including Javier Marías, Fernando Pessoa, José Saramago, Bernardo Atxaga and Ramón del Valle-Inclán. She has won various prizes for her work, including, in 2008, the PEN Book-of-the-Month Translation Award and the Oxford Weidenfeld Translation Prize for her version of *Eça de Queiroz's* masterpiece *The Maias*, and, most recently, the 2011 Oxford Weidenfeld Translation Prize for *The Elephant's Journey* by José Saramago.

Decolonizing Science in Latin American Art Joanna Page 2021-04-15 Projects that bring the 'hard' sciences into art are increasingly being exhibited in galleries and museums across the world. In a surge of publications on the subject, few focus on regions beyond Europe and the Anglophone world. *Decolonizing Science in Latin American Art* assembles a new corpus of art-science projects by Latin American artists, ranging from big-budget collaborations with NASA and MIT to homegrown experiments in artists' kitchens. While they draw on recent scientific research, these art projects also 'decolonize' science. If increasing knowledge of the natural world has often gone hand-in-hand with our objectification and exploitation of it, the artists studied here emphasize the subjectivity and intelligence of other species, staging new forms of collaboration and co-creativity beyond the human. They design technologies that work with organic processes to promote the health of ecosystems, and seek alternatives to the logics of extractivism and monoculture farming that have caused extensive ecological damage in Latin America. They develop do-it-yourself, open-source, commons-based practices for sharing creative and intellectual property. They establish critical dialogues between Western science and indigenous thought, reconnecting a disembodied, abstracted form of knowledge with the cultural, social, spiritual, and ethical spheres of experience from which it has often been excluded. *Decolonizing Science in Latin American Art* interrogates how artistic practices may communicate, extend, supplement, and challenge scientific ideas. At the same time, it explores broader questions in the field of art, including the relationship between knowledge, care, and curation; nonhuman agency; art and utility; and changing approaches to participation. It also highlights important contributions by Latin American thinkers to themes of global significance, including the Anthropocene, climate change and environmental justice.

Book of Good Love Juan Ruiz 1972-06-30 A masterpiece in the tradition of the *Decameron* and the *Canterbury Tales*, Juan Ruiz's fourteenth-century Spanish narrative poem combines the comic and the serious, the bawdy and the practical, the satiric and the tender, the devout and the blasphemous. In a first prose translation, Professors Mignani and Di Cesare succeed in conveying the vitality and sly humor of the original. The poem consists of a loosely unified series of fourteen amorous adventures of the Archpriest of Hita, interlaced with debates, fabliaux, fables, and exempla. Ruiz suggests that while man ought to seek *buen amor* (true love, or love of God), he is prone to *loco amor*, or worldly love. The Book proposes to show human folly so that men may be forewarned of the bad and choose the good. The episodes related in the stanzas and in songs in various lyrical styles parody such conventions as courtly love, epic battle, or church ritual. Ruiz was clearly fascinated by the concrete, as well as the allegorical, for his episodes have dates and actual settings, and popular speech is incorporated into his verses. In their introduction, the translators survey the major scholarly studies of the poem and offer their own critical reading of it. Their annotated bibliography and notes to the translation will be useful to students as well as scholars.

Elogio de la antropología histórica Mateo Dieste, Josep Lluís 2016-11-10 *Elogio de la antropología*

histórica parte de una constatación primordial: que el estudio de la sociedad no se puede emprender sin considerar el peso de la historia y que las separaciones académicas entre disciplinas deberían poder ser superadas en beneficio del conocimiento. La antropología no se puede limitar a situar su objeto en su contexto inmediato, sino que su propio sujeto de estudio es la sociedad como un problema histórico. El libro muestra los complejos intentos de superar esta separación, presentando enfoques, metodologías y aplicaciones directas al estudio de las relaciones de poder y los sistemas de clasificación social, con una especial atención a la reconstrucción de las situaciones coloniales.

Catherine, Called Birdy (rpkg) Karen Cushman 1995-03-31 "Corpus Bones! I utterly loathe my life."

Catherine feels trapped. Her father is determined to marry her off to a rich man--any rich man, no matter how awful. But by wit, trickery, and luck, Catherine manages to send several would-be husbands packing. Then a shaggy-bearded suitor from the north comes to call--by far the oldest, ugliest, most revolting suitor of them all. Unfortunately, he is also the richest. Can a sharp-tongued, high-spirited, clever young maiden with a mind of her own actually lose the battle against an ill-mannered, piglike lord and an unimaginative, greedy toad of a father? Deus! Not if Catherine has anything to say about it! Catherine feels trapped. Her father is determined to marry her off to a rich man--any rich man, no matter how awful. Allegories of Love Diana de Armas Wilson 2014-07-14 In the work he considered his masterpiece, *Persiles and Sigismunda*, Cervantes finally explores the reality of woman--an abstraction largely idealized in his earlier writing. Traditional critics have perpetuated this disembodied ideal woman: "Every Man," claimed the translators of the 1706 *Don Quixote*, has "some darling Dulcinea of his Thoughts." As Diana de Armas Wilson shows, however, Cervantes himself envisioned the radical embodiment of "Dulcinea" in the later *Persiles*, a pan-European Renaissance allegory. Wilson illuminates Cervantes's strategic use of the ancient genre of Greek romance to contest various chivalric fictions about women, love, and marriage--fictions collapsing under the constraints of an emerging bourgeois culture. Taking as her subject Cervantes's erotic imperative--to leave behind "barbaric" notions of love in quest of a new conceptual space--Wilson demonstrates how the heroes of the *Persiles*, unlike *Don Quixote*, learn to cross the borders of difference.

Their journey toward marriage is illustrated by thirteen inset "exemplary novels," perhaps the most exploratory of Cervantes's writings. *Allegories of Love* not only examines the fundamental importance of sexual and cultural difference in Cervantes's last romance, but also reveals the historical conditions of representation itself during the late Renaissance. Boilerplate Paul Guinan 2012-04-15 Meet Boilerplate, the world's first robot soldier—not in a present-day military lab or a science-fiction movie, but in the past, during one of the most fascinating periods of U.S. history. Designed by Professor Archibald Campion in 1893 as a prototype, for the self-proclaimed purpose of "preventing the deaths of men in the conflicts of nations," Boilerplate charged into combat alongside such notables as Teddy Roosevelt and Lawrence of Arabia. Campion and his robot also circled the planet with the U.S. Navy, trekked to the South Pole, made silent movies, and hobnobbed with the likes of Mark Twain and Nikola Tesla. You say you've never heard of Boilerplate before? That's because this book is the fanciful creation of a husband-and-wife team who have richly imagined these characters and inserted them into accurate retellings of history. This full-color chronicle is profusely illustrated with graphics mimicking period style, including photos, paintings, posters, cartoons, maps, and even stereoscope cards. Part Jules Verne and part Zelig, it's a great volume for a broad range of fans of science fiction, history, and robots.

Easy Rider (Buscando mi destino), Dennis Hopper (1969) Antonio Sanjuán Pérez 2020-10-01 *Easy Rider* está incluida entre las cien películas más importantes de la historia por el American Film Institute. Desde su estreno en 1969 se convirtió en un extraordinario éxito de taquilla. Más de cincuenta años después se mantiene como un icono cultural y audiovisual reconocible en todo el mundo gracias a su banda sonora, pero también por su simbología, que ya forma parte del imaginario colectivo de su época. *Easy Rider* es también el punto de inflexión del que saldrían los creadores del "nuevo Hollywood", una hornada de directores que decidió no seguir el camino trazado por las grandes majors norteamericanas y que dio origen a una nueva estética cinematográfica.
