Ceremony of Innocence Madeleine Bunting 2021-07-01 A Cambridge PhD student called Reem has gone missing in Egypt. Those close to her fear that her investigation into her family’s history in the Gulf has put her in danger. The trail leads back to Tehran in 1969, when diplomat Martin Wilcox Smith, frustrated by his career at the Foreign Office, looked for more lucrative opportunities in the region. Decades later, decisions taken by Martin and his charismatic wife Phoebe unexpectedly come home to roost: their niece takes in a Bahraini lodger who has reasons to question the immense wealth of the Wilcox Smiths, a quest shared with their daughter-in-law, a journalist who is determined to piece together what has happened to Reem. An evocative and engrossing story that travels between the Shah’s Iran, modern Bahrain, London and the English countryside, Ceremony of Innocence explores one family’s ambition in the aftermath of empire and the establishment’s ruthless pursuit of power in the new world order.

Memoirs of Innocence & Experience Innocent (Hondo) Chirawu 2011-01-20 I was born Innocent Murambiwa Hondo on 11 January 1961, in Chinyemba Village, Glendale, Mazoe District of the then Rhodesia. I had an official change of my maternal surname ?Hondo? to my paternal surname ?Chirawu? and acquired the middle name ?Blessed? in 1983. Since my childhood I have always aspired to utilise every opportunity that helps me help my fellowman best. I was brought up in colonial Rhodesia which was dominated by ?divide and rule? politics in favour of the white minority population. As a result the black child?s school was far inferior compared to his white counterpart?s. There was also a deliberate public policy to provide the average black child with an education only adequate for him to perform a subordinate role to his ?white master? and only 12% of the black children were expected to proceed to secondary education. These would form the ?elite? part of the society taking up occupations like nurses, teachers, clerks, agricultural extension officers and others. I was very fortunate to fall into the category of the ?elite? group, who made it through the bottleneck system into secondary education ? Salvation Army?s Howard Secondary School which was a syndicate examination centre for The University of Cambridge whereby GCE ?O?Level examinations were set and marked at that reputable university. I sat for those Exams in November/December 1978 and passed with grades B and C in 8 subjects including Maths, Science and English ? thus obtaining a University of Cambridge GCE certificate in First Division. I later on proceeded to a private institution, Ranche House College where I did my English and Sociology at Advanced level. My first job after school was working as a bank clerk for Standard Chartered Bank from May 1980 to Sept 1981. I then intercalated from banking to study for my Diploma in Theology at the International Bible Training Centre (Lagos) in 1982, resumed banking for a stint then did my initial teacher training from 1984 to 1987. I then taught Woodwork, RE and English in Zimbabwean secondary schools for 11 years, during which period I rose through the ranks of being an ordinary class teacher, head of department (Religious Education & English) and deputy head teacher. While in full-time teaching, I managed to study for a degree in educational administration, planning and policy studies as well as a part one in BA Media studies through Zimbabwe Open University ? the latter which was interrupted by socio-politico-economic problems in Zimbabwe that time. I was doing all those study programmes paying the fees from my salary and without a penny of assistance from the government. In Zimbabwe switching from being a teacher to being a journalist for the independent press was and still is, like jumping from the frying pan into the fire. In April,1999, I then joined the Daily News, the then Zimbabwe?s once most popular and best seller tabloid later banned and defunct from 2003-2010, where I served as a subeditor-cum-proofreader until the time I migrated to England in December 2001. By the time I left Zimbabwe there was every sign that the future of my colleagues, our newspaper and I was very gloom. After the bombings of our offices and printing press, our then editor-in-chief, Geoff Nyarota announced that due to the political situation and the hostility that time we were experiencing, he could not guarantee our safety anymore. So, I had no choice but sell my family property, buy a ticket, flew into self exile in England, and I have always lived here since then. Later on I called my family over to join my stay in the country. My grandmother, my childhood mentor

Framing Innocence Lynn Powell 2010-09-27 Ten years ago, amateur photographer and school bus driver Cynthia Stewart dropped off eleven rolls of film at a drugstore near her home in Ohio. The rolls contained photographs of her eight-year-old daughter Nora, including two of the child in the shower - photos that would cause the county prosecutor to arrest Cynthia, take her away in handcuffs, threaten to remove her daughter from her home, and charge her with crimes that carried the possibility of sixteen years in prison. The disturbing case would ultimately attract national attention - including stories in USA Today and on NPR - and supporters including the famed photographer Sally Mann, Katha Pollitt, and the ACLU. Framing Innocence brilliantly probes the many questions raised; when does a photograph of a naked child "cross the line" from innocent snapshot to child porn? What makes a photograph dangerous - the situation in which it is shot or the uses to which it might be put? When does the parent, and when does the state, know best? Written by poet Lynn Powell, a neighbor of Cynthia Stewart's, this riveting and beautifully told story plumbs the perfect storm of events and people that threatened an ordinary family in a small American town. Framing Innocence features a determined prosecutor; a fundamentalist Christian anti-porn crusader who is appointed as Cynthia's daughter's guardian; the local attorneys for whom the case would become a crucible; and the many neighbors - friends and strangers, Republican and Democrat - who come together to fight for sanity and for justice for Cynthia and her family.

The Age Of Innocence Edith Wharton 2017-02-23 Set in turn-of-the-century New York, Edith Wharton's classic novel The Age of Innocence reveals a society governed by the dictates of taste and form, manners and morals, and intricate social ceremonies. Newland Archer, soon to marry the lovely May Welland, is a man torn between his respect for tradition and family and his attraction to May's strongly independent cousin, the Countess Ellen Olenska. Plagued by the desire to live in a world where two people can love each other free from condemnation and judgment by the group, Newland wears the artful delicacy of the world he lives in as a comforting security one moment, and at another, as an oppressive fiction masking true human nature. The Age of Innocence is at once a richly drawn portrait of the elegant lifestyles, luxurious brownstones, and fascinating culture of bygone New York society and a compelling look at the conflict between human passions and the social tribe that tries to control them.

Racial Innocence Tanya Kateri Hernández 2022-08-23 “Profound and revelatory, Racial Innocence tackles head-on the insidious grip of white supremacy on our communities and how we all might free ourselves from its predation. Tanya Kateri Hernández is fearless and brilliant . . . What fire!”—Junot Diaz The first comprehensive book about anti-Black bias in the Latino community that unpacks the misconception that Latinos are “exempt” from racism due to their ethnicity and multicultural background Racial Innocence will challenge what you thought about racism and bias and demonstrate that it’s possible for a historically marginalized group to experience discrimination and also be discriminatory. Racism is deeply complex, and law professor and comparative race relations expert Tanya Kateri Hernández exposes “the Latino racial innocence cloak” that often veils Latino complicity in racism. As Latinos are the second-largest ethnic group in the US, this revelation is critical to dismantling systemic racism. Basing her work on interviews, discrimination case files, and civil rights law, Hernández reveals Latino anti-Black bias in the workplace, the housing market, schools, places of recreation, the criminal justice system, and Latino families. By focusing on racism perpetrated by communities outside those of White non-Latino people, Racial Innocence brings to light the many Afro-Latino and African American victims of anti-Blackness at the hands of other people of color. Through exploring the interwoven fabric of discrimination and examining the cause of these issues, we can begin to move toward a more egalitarian society.

An Innocent Abroad David M. Addison 2011-05-10 When, in 1978, as a participant in a teacher exchange programme, the author, accompanied by his wife and young family, exchanged his boring existence in Grangemouth in central Scotland for life in Missoula, Montana, in the western United Sates, he could not have foreseen just how much of a life-changing experience it would be not just for him and his family, but for his exchangee as well. He was prepared for a less formal atmosphere in the classroom, while, for their part, his students had been warned that he would be Mr Strict. It was not long before this clash of cultures reared its ugly head and the author found himself in big trouble. But, as he had found out from the very instant he arrived on the continent, just because we share a common language it doesn't mean Americans do things the same way. And the Montanans, he was to discover, do things more differently still. There were times, in the beginning, when he wished he had stayed at home in his boring but safe existence in Scotland and there were times when life got more than just a little bit too exciting for comfort. But mainly this is a heart- warming and humorous tale of how this Innocent abroad, confronted with one culture shock after another, overcame his trials and tribulations and thanks to a whole array of colourful and kind people, finally came to realise that this exchange was the best thing he had ever done.

A Book About Innocent Innocent 2020-05-21 We started making smoothies in 1999. On that first day we sold twenty-four bottles, and now we sell over 2 million a week, so we've grown since then. This book is about the stuff we've learned since selling those first few smoothies. About having ideas and making drinks, about running a business and getting started, about nature and fruit, about company life and working with friends, about the stuff we've got right and

the stuff we got wrong, and about squirrels . . . and camping . . . and doing the right thing. We thought we'd write it all down in a book so we don't forget any of it, and to maybe help other people too. We started innocent from scratch, so we've learnt a lot of things by getting stuff wrong. Some other lessons have come from listening carefully to people clever than us. And some stuff we just got lucky on. But all of it, the good the bad and the useful, is in here. Plus, perhaps our mums will finally believe us when we tell them we haven't rung home for a while because we've been a bit busy these past few years.

Ravenous Innocence Myra Danvers 2019-02-01 "I can give you everything," he whispered, smiling through the lie. All I had to do was kneel... The Caledonian forces come armed, yet offer peace. Spouting claims that they can deliver a new era—one of luxury and ease—they think to seduce. They promise our countries will thrive together, that they will save us from ourselves in exchange for Tritan’s secrets, our expertise in the mystical arts of wielding ki. Partner with warmongers unaccustomed to being refused, or fall beneath their boots. These conquerors fool no one. They seek to leash my people and claim our priestesses for their own sick uses. But I will not kneel. Especially not to him. Captain Asher Rawlings. Powerful... Elite... Relentless... He’s been tasked to hunt me down and dress me in chains—a mission he relishes, for with one taste of my lips, he hungers for my submission above all else... In an instant, the deadly secret I’ve been keeping for years is exposed to his attention. He knows what I am, what I might be capable of, and he’s drawn to my fire... my ki... With a kiss, he feeds me whispers of a coddled life kneeling at his precious feet, his offer nothing more than the life of a cherished pet. But he won’t have me or my ki, for his betrayal has given me strength even he didn’t expect. Only one thing is certain—he’ll either put me on my knees, or I’ll kill them all.

Diamond Heart: Book Four A. H. Almaas 2000-09-05 We live in a world of mystery, wonder, and beauty. But most of us seldom participate in this real world, being focused rather on the parts that are mostly strife, suffering, or meaninglessness. The situation is basically due to our not realizing and living our full human potential. This potential can be actualized by the realization and development of human essence. The human essence is the part of us that is innate and real, and which can participate in the real world. The series of books Diamond Heart are transcriptions of talks given by A. H. Almaas to inner work groups in Colorado and California.

The Importance of Being Innocent Joanne Faulkner 2010-11-03 The Importance of Being Innocent addresses the current debate in Australia and internationally regarding the sexualisation of children, predation on them by pedophiles and the risks apparently posed to their 'innate innocence' by perceived problems and threats in contemporary society. Joanne Faulkner argues that, contrary to popular opinion, social issues have been sensationally expounded in moral panics about children who are often presented as alternatively obese, binge-drinking and drug-using, self-harming, neglected, abused, medicated and driven to anti-social behavior by TV and computers. This erudite and thought-provoking book instead suggests that modern western society has reacted to problems plaguing the adult world by fetishizing children as innocents, who must be protected from social realities. Taking a philosophical and sociological perspective, it outlines the various historical trends, emotional investments and social tensions that shape contemporary ideas about what childhood represents, and our responsibilities in regard to children.

The Rage of Innocence Kristin Henning 2021-09-28 A brilliant analysis of the foundations of racist policing in America: the day-to-day brutalities, largely hidden from public view, endured by Black youth growing up under constant police surveillance and the persistent threat of physical and psychological abuse Drawing upon twenty-five years of experience representing Black youth in Washington, D.C.'s juvenile courts, Kristin Henning confronts America's irrational, manufactured fears of these young people and makes a powerfully compelling case that the crisis in racist American policing begins with its relationship to Black children. Henning explains how discriminatory and aggressive policing has socialized a generation of Black teenagers to fear, resent, and resist the police, and she details the long-term consequences of racism that they experience at the hands of the police and their vigilante surrogates. She makes clear that unlike White youth, who are afforded the freedom to test boundaries, experiment with sex and drugs, and figure out who they are and who they want to be, Black youth are seen as a threat to White America and are denied healthy adolescent development. She examines the criminalization of Black adolescent play and sexuality, and of Black fashion, hair, and music. She limns the effects of police presence in schools and the depth of police-induced trauma in Black adolescents. Especially in the wake of the recent unprecedented, worldwide outrage at racial injustice and inequality, The Rage of Innocence is an essential book for our moment.
